

# OCTOBER

## Sight Word Color & Write By Code

1st - 3rd Grade Word Lists

MADE BY: SADDLE UP FOR 2ND GRADE ©2019

# HOW TO USE

Research shows that students need to be able to not only recognize sight words, but they need to be used in context as well. These color by code pages include a writing activity so that students can practice sight words in multiple ways.

There are three different grade levels of Dolch sight words provided for easy differentiation.

Copy the color by code and write by code pages front to back. After students have completed the color by code activity, have them turn over the page to begin writing. They must write a sentence using each word found in the picture. To challenge them, have them write their sentence about the picture.

Ways to use:

- early finisher work
- word work
- morning work
- indoor recess
- sub tub activities
- ELL activities
- homework practice
