Geometry and Adding 3 Numbers

Spring into Subtraction

Subtraction with Number Bonds Even and Odd Numbers

The collage features a variety of colorful school supplies: a stack of spiral-bound notebooks in yellow, blue, and pink; a container of multi-colored markers; and several pastel Easter eggs. In the center is a worksheet titled "Spring into Subtraction" with a watering can icon. The worksheet includes a grid for students to write subtraction problems and a section for "even differences" and "odd differences". Below the worksheet are two cards. The "even differences" card shows a number bond with 14 at the top, 6 on the left, and a question mark on the right. The "odd differences" card shows a number bond with 13 at the top, a question mark on the left, and 9 on the right. There are also four small cards numbered 1 through 4, each with a subtraction problem and a question mark.

Spring into Subtraction

Name: _____ Date: _____

Directions: Draw a subtraction card. Write the problem in a space below. Then circle if the answer is even or odd.

1	2	3	4
Even Odd	Even Odd	Even Odd	Even Odd
5	6	7	8
Even Odd	Even Odd	Even Odd	Even Odd

even differences

1. What's the Difference?

14

6 ?

odd differences

2. What's the Difference?

11

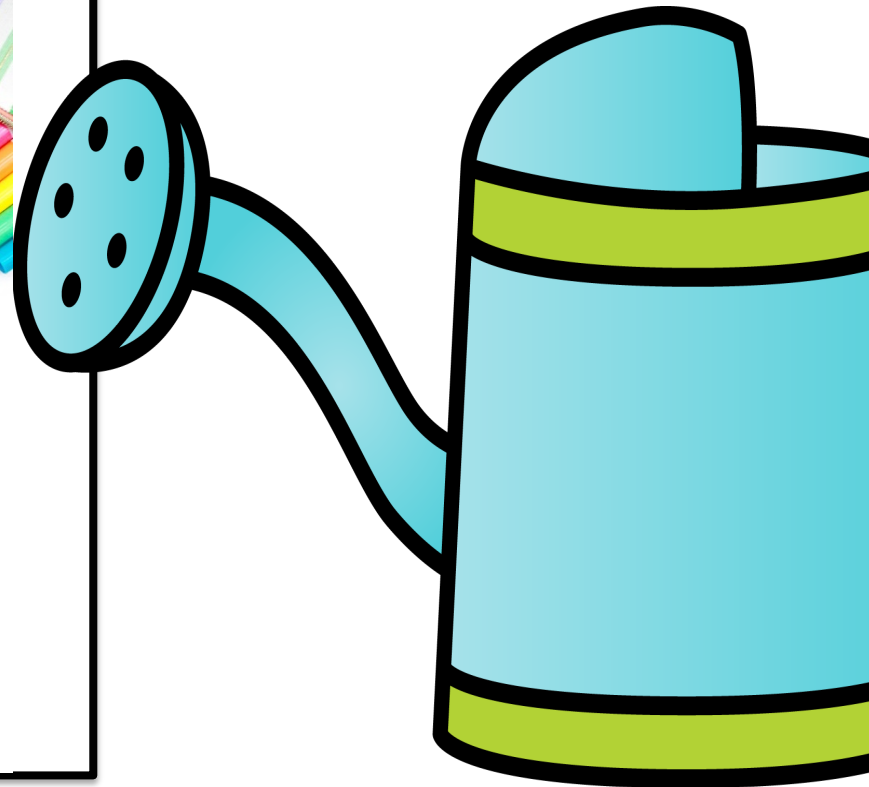

3. What's the Difference?

9

4. What's the Difference?

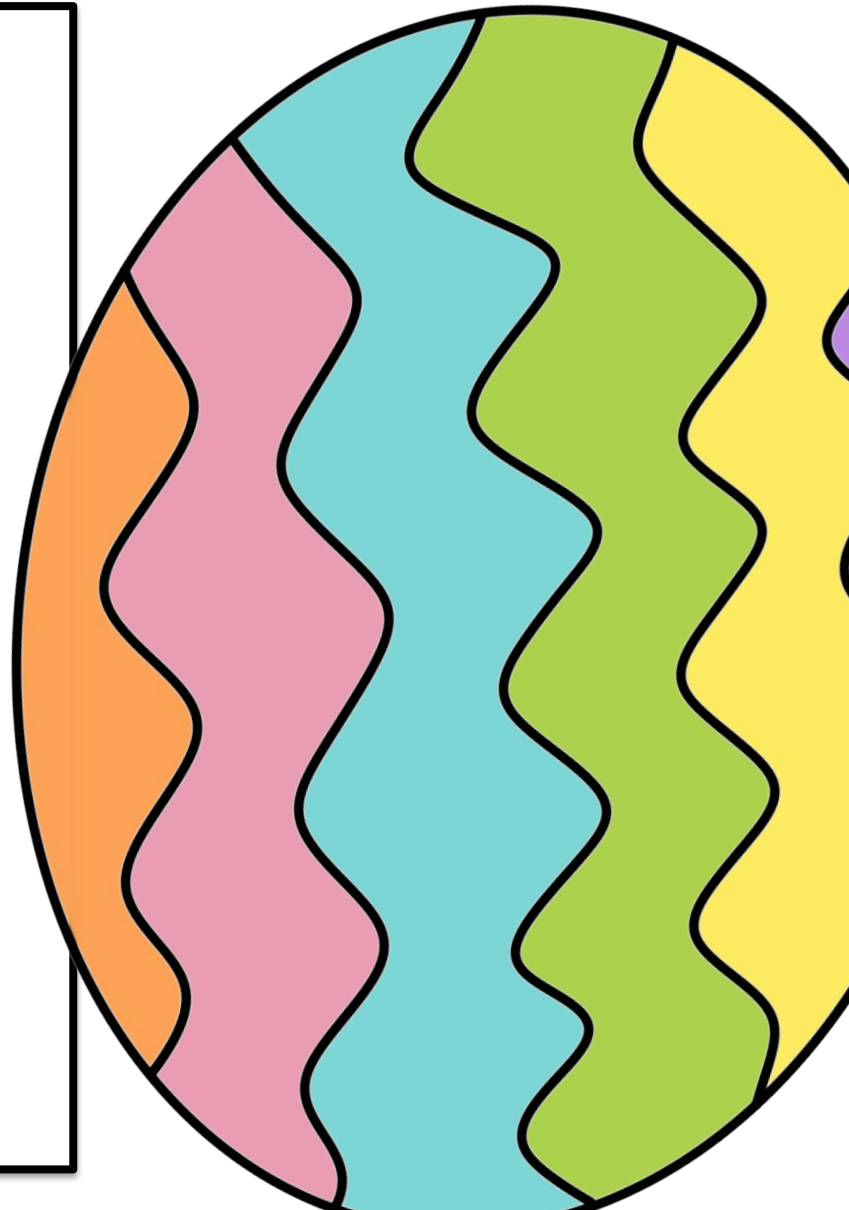

13

? 9
